

## Meeting Notes

|                          |                                                                            |
|--------------------------|----------------------------------------------------------------------------|
| <b>Title of Project:</b> | Explicit Content Detection and Age Rating Recommendation for Movie Scripts |
| <b>Student name:</b>     | Jake Tovey                                                                 |
| <b>Supervisor name:</b>  | David Wyatt                                                                |

| Date       | Meeting Notes                                                                          | Actions                                                                                                                                                                               |
|------------|----------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 23/10/2024 | Discussed how to direct my research for the literature review                          | Gathered my sources into one document and re-adjusted my research plan                                                                                                                |
| 6/11/2024  | Further discussed research progress with some pointers regarding the literature review | Continued my research as I had been                                                                                                                                                   |
| 20/11/2024 | Discussed strategies to starting the literature review                                 | Began writing some extended notes sections for a blueprint to the lit review                                                                                                          |
| 11/12/2024 | Discussed time management and ethics forms                                             | Began looking at the poster, requirements, and demo                                                                                                                                   |
| 8/1/2025   | Reviewed progress on literature review and discussed how to create a poster            | Made my lit review seem more like a story and continued work on the poster                                                                                                            |
| 22/1/2025  | Reviewed posters                                                                       | Made adjustments to my poster                                                                                                                                                         |
| 2/4/2025   | Went through ethics checklist                                                          | Discussed current progress with the project and completed the ethics checklist. This allowed me to reconfirm what I had done and get some final feedback before completing the report |

**You are free to follow your own way of keeping notes. Ideally you should keep the date of the meetings, what was discussed and the way you addressed, or will address it.**
